

LIVELY BATTLE IS ON NEAR WEPENER

Gen. Rindle Flanks the
Boers and Makes An
Advance.

ANXIETY IN ENGLAND

Latest News From South
Africa Is of a Most Dis-
couraging Nature.

FIGHT ON NEAR LADYSMITH

Bloemfontein, April 21.—[Special Cablegram]—There was an artillery duel yesterday at Dewetsdorp, north-west of Wepener. The British losses were light. The news of a lively engagement between Chermiside's division and the Boers is hourly expected.

Later messages from Dewetsdorp say that Gen. Rindle, commanding the Eighth division, after flanking the Boers advanced with small loss. Chermiside and Rindle are apparently trying to surround the Boers, whose strength is said to be ten thousand in that vicinity.

Account of the Battle.

London, April 21.—[Special Cablegram]—Gen. Roberts reports to the war office under yesterday's date: "Rindle's division came in contact with the enemy yesterday four miles south west of Dewetsdorp. Our troops occupied a strong position covering the town. The Yeomanry and mounted infantry seized another position enabling Rindle to dislodge the enemy and occupy higher ground. Rindle advanced today and is now again engaging the enemy. Our casualties yesterday were one officer and nine men wounded."

Firing Heard Near Ladysmith

Ladysmith, April 21.—[Special Cablegram]—Firing is heard in the direction of Sunday's river, north of Ladysmith. News Discouraging to British.

London, April 21.—Reports from the British camps this morning nearly all have a discouraging ring. In the first place Lord Roberts is not only hampered but is badly delayed in his new forward movement by swollen streams and bad roads. The Boers are not incumbered by heavy transports, without which the British are unable to march and grave fears are entertained that the raiding commandoes who have been so annoying to Roberts of late will be able to make an easy escape.

The liveliest curiosity prevails as to the fate of the Wepener garrison, regarding which nothing reliable is known. The situation at Elandsbaagte, Warrenton and Mafeking exhibits no sign of change.

New Transvaal Vice President.

Pretoria, April 21.—Maj. Gen. Schalk-burger has been gazetted vice president (in succession to the late Gen. Joubert) and Gen. Louis Botha has been gazetted acting commander general (succeeding Gen. Joubert in command of the Transvaal forces).

EX-ALDERMAN HENRY KUECK

Says He Would Like To Be The Next Street Commissioner.

PROF. WILLIAMS IS MANAGER

Will Look After the Interests of Hoards Hotel This Summer.

Prof. C. C. Williams, the well known dancing master, will have charge of Hoards Hotel at Lake Koshkonong this summer. Prof. Williams will be assisted by his genial wife. He has had years of experience in the hotel business and is a man well qualified to fill the position. Lake Koshkonong is a favorite place for Janesville people and many will see to it that Hoards will be a favorite stopping place.

SECURE FIFTY SUBSCRIBERS

Wisconsin Telephone Company Add Many New Customers This Week.

Manager Slater of the local exchange of the Wisconsin Telephone company reports the securing of fifty new phone subscribers to the local exchange this week. Solicitors for the Wisconsin company have been making a canvass of the city this week and it is quite evident that they have been doing some hard work.

BUBONIC PLAGUE

INFLECTS MANILA

Thirteen Deaths From It During the Past Week—The Cattle Are Infected.

Manila, April 21.—[Special Cablegram]—The Bubonic plague is on the increase and there were thirteen deaths during the week. Strict quarantine measures are being enforced in the native market quarter in the center of the city where the disease has a foothold. Foot and mouth disease has developed among the cattle, brought from Singapore. Canned roast beef will be used until the cattle disease is stamped out.

Washington, April 21.—[Special Telegram]—Filipino insurgents have cut the cable between Manila and Iloilo, according to information received by the Chief signal corps this morning. No reports can be transmitted concerning operations at Mindanao, Panay and other southern islands.

FOLLOW HUSBANDS

INTO CAPTIVITY

Many Boer Women Discovered Among the Prisoners Harbored at Cape Town.

Cape Town, April 21.—[Special Cablegram]—Four hundred Boer prisoners were ordered to bathe today in the river behind the hospital.

Several refused to go in the water but were finally compelled to do so amid the jeers of the crowds on the bank. It was then suddenly discovered that the prisoners who refused to bathe were women in men's clothes.

They were placed in a separate building. Several others were found in the ranks of the Boers when an investigation was made. The claimed to be wives of certain prisoners.

MYSTERIOUS BUYING

OF CORN AND WHEAT

Steel Magnate John W. Gates has Been Investing in Cereals at Chicago.

Chicago, Ill., April 21.—[Special Telegram]—For some time past there has been mysterious buying of both wheat and corn. It was generally believed that it was for Oudahy, Bartlett, Patton, or men of equal importance on the board. Now it develops that John W. Gates was the buyer, and it is further said that his holdings are around ten million bushels. He made a profit in corn but lost in wheat.

PANIC IN STEEL

AND WIRE STOCKS

Net Losses Considerable on American, Federal and National Stocks in New York.

STEEL COMPANY

ORDERS A CUT

President Gates of Wire
Combine Claims a Com-
plete Vindication.

SLASH OF 30 PER CENT

Steel Products Which Have
Sold For \$50 a Ton Drop
to \$18 and \$20.

NAILS ARE CUT \$1 PER KEG

New York, April 21.—Chairman Gates claims he was completely vindicated at the meeting of the board of directors of the American Steel and Wire company yesterday. Every member of the directory except the general sales agent, C. D. Boynton, was present, and the vote to sustain Chairman Gates in his contention that the iron and steel trade was not in good condition was unanimous.

Prices Go Down 30 Per Cent.

Immediately after the directors adjourned the executive committee met and voted a cut of 30 per cent on all products. The cut takes effect in the morning. Nails are cut \$1 a keg or \$20 a ton. Annealed fence wire will be cut \$18 a ton and all other kinds of wire \$20 a ton. Other products will show a proportionate reduction. All of the products up to the present time have been selling at about \$60 or \$65 a ton.

Mr. Gates was in a happy frame of mind when seen to-day at the Waldorf.

Claims a Vindication

"Well, you see I was right," cried the gleeful Mr. Gates. "I told the truth in Wall street and they thought I was lying. I said the steel business had reached its height and was going back. You will see the other steel people falling in line, and mark my words, it won't be very long, either, before everything I have said will be corroborated by actual developments."

"With this cut in the price of products the mills closed down the other day will be reopened soon, will they not?" "No; this will have no immediate effect on the mills. I can't say when they will open up, but not in the immediate future, anyway."

HIS ESTATE LEFT TO CHARITY

Milwaukee Man Bequeaths \$150,000 to Protestant Orphans' Home

Milwaukee, April 21.—When the will of Samuel Howard was filed for probate it was found that almost his entire estate, consisting of property to the amount of over \$150,000, was left to the Protestant orphans' home after the death of his sister, Mrs. Frances M. Crough, who has a life interest in the estate. On her death the income of the estate is to go to the orphans' home, the principal remaining intact.

MEN HERE ARE INTERESTED

Stockholders in the Clinton Telephone Company Recently Formed

Well-known local business men are interested as stockholders in the newly installed Telephone exchange at Clinton. Those from here interested are the local phone contracting firm of Jones & Winters, C. S. Jackson and Richard Valentine. The Clinton exchange starts with fifty subscribers and will undoubtedly have many more in a short time.

Big Pearl in Oyster Paddy.

New York, April 21.—It became known here that Lieut. Herbert Whipple of the Seventh United States cavalry found a valuable pearl in an oyster paddy while dining with friends in the Waldorf-Astoria hotel. The pearl was the size of a hazel nut and nearly round. Had it not been damaged in the cooking, experts say it would be worth at least \$20,000. Lieut. Whipple had the gem put in a stickpin for his wife and sent to her at her home in Louisville, Ky.

Sailor Saves An Actress.

New York, April 21.—Cissie Loftus, the London actress, had a narrow escape from permanent retirement from the stage at Old Point Comfort. Those who saw her go out on the pier say she did not walk as one out for a stroll, but went directly to the place where she fell or jumped overboard. One of the sailors, attracted by the splash, leaped overboard and swam to the rescue. He held her until his shipmates pulled the boat alongside.

A Substitute for Cork.

Phellosene is the name given by a French inventor to a substance he describes as artificial cork, and which may be used for all purposes for which cork has hitherto been found useful. It is an analogue of celluloid and consists of cork bark ground to an impalpable powder and agglutinated by a solution of nitro-cellulose in acetone. It contains about ten to twelve per cent of nitro-cellulose and is said to be a trifle, if anything more combustible than cork under the ordinary conditions.—New York Tribune.

NEXT THING WILL

BE AN ULTIMATUM

Relations Between Uncle
Sam and Turkey Likely
to Be Severed.

AN END TO DIPLOMACY

Officials In Washington Re-
solved to Exact Payment
of Indemnity.

PROBLEM A DIFFICULT ONE

Washington, April 21.—Serious trouble with Turkey is threatened.

Within a week it is probable that diplomatic relations between Washington and Constantinople will be severed and the interests of the United States in Turkey be placed in the hands of the German or English government.

There are no indications as yet that the sultan intends to pay the indemnity.

To Sever Diplomatic Relations.

In official circles here there is small expectation that Turkey will pay, unless the screws be put on a great deal harder and as yet no decision as to the next move of the United States has been reached. Probably nothing will be determined until President McKinley and Secretary Hay can get together next Monday.

The severance of diplomatic relations is inevitable unless Turkey surprises the United States and the world by paying the indemnity long due.

There is a pause in the negotiations just now. The United States has not officially served an ultimatum or threat upon Turkey. But it has endeavored by plain speaking through diplomatic channels both here and at Constantinople to convince the porte that the United States is determined that this indemnity shall be paid.

Ultimatum Next in Order.

This failing, the next step will be to recall Captain Griscom, our charge d'affaires, and to send no one to take his place, but asking another government to look after American interests in the Turkish empire.

If the President wishes to make the rebuff to Turkey more pointed he can do it by sending the Turkish minister his passports. That would be a long ways short of a declaration of war, or even of hostile intent, but it would amount to a declaration before the world that in the opinion of the United States the Turkish government is not worthy of continuance of diplomatic relations with this government.

An ultimatum demanding payment of the indemnity by a date set would be the next step in order. This is now under consideration, but it cannot be said to have been determined upon.

WEDDED AT STILLMAN VALLEY

Preston-McElwain.

The Stillman Valley, Ill. Graphic, in a half column strike, announces the wedding, on April 16, of Gardner S. Preston, of that place, to Mrs. Emily M. McElwain of Janesville, the Rev. M. Newland officiating. The groom is one of the prominent citizens of Stillman Valley, and is said to be quite wealthy, while the bride is a sister of S. E. Phillips of this city, and is esteemed by all who knew her. Local friends will extend well wishes to Mr. and Mrs. Preston.

Japan's Oldest Bank

Tokyo correspondence Chicago Record: The Mitsui Ginko is the oldest banking establishment in Japan. It was founded more than 200 years ago, and is now a strong partnership corporation, in which eleven members of the Mitsui family assume unlimited liability. Its capital is 5,000,000 yen, and its reserve fund amounts to 3,789,000 yen. Its officers are now in a temporary location, while an immense edifice, "the only steel building in the east," is in process of erection. The site covers two and one-half acres; the building area is 2,600 square yards and the structure will be three stories high. It will be provided with two electric passenger elevators, hot and cold air blasts and electric lighting by an isolated plant. It will have a steel skeleton, with granite and glazed brick walls. It will be completed in 1903.

Was a Playmate of the Queen.

There has just died at Clapham, England, a somewhat interesting character in the person of Mrs. Middleton, who was well known throughout the district as having in her younger days been a playmate and close companion of her majesty the queen. The old lady, who at the time of her death had passed her hundredth birthday, was, during the early part of the century, maid to one of the queen's ladies-in-waiting, and used to converse freely of her recollections of her majesty's childhood, with which she was closely associated, and of which she retained some very pleasant memories. She was recently the recipient of a substantial gift from her majesty on the occasion of her birthday.

WOMAN BURNED TO A CRISP.

Horrible Accident at Mygates Corners, Near Racine, Wis.

Racine, April 21.—[Special Telegram]—Mrs. Margaret Butterworth of Mygates Corners, aged eighty-two years, was burned to death this morning. Mrs. Butterworth's clothing caught fire while she was in the kitchen. She was alone in the house at the time and her cries for help attracted the attention of neighbors. Assistance arrived too late as the woman was burned to a crisp.

HAYES RECEIVES TELEGRAM

Leaves This Evening to Close Contract in New York City.

Dennis Hayes leaves this evening for New York city in response to a telegram received today from his brother Michael Hayes. In all probability Hayes brothers will be awarded a portion of the underground railway contract which will be soon commenced in New York city. The total cost of the road will be about \$35,000,000.

QUAY AND CLARKE

CASES NEXT WEEK

Friends of the Pennsylvania Man Claim That He Will Be Seated.

Washington, April 21.—[Special Telegram]—While the Philippine bill will be unfinished business in the senate next week, and the bill will not be pressed till the Quay case is out of the way and probably not till the Clark case has been considered. At 5 o'clock next Tuesday Quay will know his position. His friends claim from two to five majority. The Alaskan bill and the conference report on the Hawaiian bill will also occupy the time of the house next week.

FATAL DOSE GIVEN

BY A YOUNG WIFE

Chicago Woman Gives Her Aged Husband an Overdose of Morphine by Mistake.

Chicago, Ill., April 21.—[Special Telegram]—In an effort to relieve the sufferings of her husband the young wife of James H. Reed, president of the Havana Cigar Tobacco Company, administered five grains of morphine at mid night and at three o'clock Mr. Reed died. He is reputed to be worth \$3,000,000. Reed was fifty-three, his wife is twenty-six.

VILLAGE OF WILMOT

WIPE OUT BY FIRE

Small Town Near Kenosha Had No Fire Protection—Loss Is About \$50,000.

Kenosha, Wis., April 21.—[Special Telegram]—A disastrous fire visited the village of Wilmot in the western part of this county yesterday evening, and when the flames had been extinguished every industrial plant in the whole town had been wiped out. The town was absolutely without fire protection, and the only protection was a bucket brigade. The loss is estimated from \$40,000 to \$50,000, with practically no insurance.

TWO LANDMARKS REMOVED.

One on North Main and the Other One on Wall Street.

Two landmarks have been removed in the city of Janesville during the past few days. Both have been torn down. One of these buildings was the one story frame building on North Main street that of late years was utilized for a second hand store and later as a storage room. The other building was a one-story brick house on Wall street between River and Franklin streets.

MCKINLEY AT HOBART'S GRAVE.

President Visits the Burial Place of the Late Vice-President.

New York, April 21.—President McKinley's party left Paterson for New York to attend the ecumenical conference on foreign missions Saturday morning. Garret Hobart, Jr., took the president out for a ride in his electric automobile Friday. Mr. McKinley and young Hobart sat on the front seat and Dr. Rixey and Secretary Cortelyou were on the rear seat. They returned after an hour and Mr. McKinley spent some time with his secretary and stenographer. President McKinley reviewed the Paterson Military school cadets from the porch of Carroll hall, while Mrs. McKinley and Mrs. Hobart waved greetings from the windows. The company presented arms and Trumpeter Barget sounded "the president." The president walked to the gate as the column swung around, and was cheered by the crowd. Early in the afternoon President and Mrs. McKinley and Mrs. Hobart drove to the tomb of the late vice-president at Cedar Lawn cemetery. Mr. McKinley laid a chaplet of lilies and immortelles at the entrance.

WALWORTH ASKS

FOR WHITEHEAD

His Gubernatorial Candidacy Was Endorsed At Elkhorn Yesterday.

SOLID FOR MR. COOPER

Esch Is Renominated For Congress In the Seventh By the Republicans.

HOPE TO HEAR GOV. ROOSEVELT

Elkhorn, Wis., April 21.—The Republican convention of the First Assembly district of Walworth county was held yesterday. Delegates were elected to the state convention and also to the congressional convention at Kenosha. Renomination of Hon. H. A. Cooper was favored and the candidacy of J. M. Whitehead for governor was heartily endorsed. Hon. J. C. Reynolds was endorsed as delegate to the national convention.

Hope to Hear Roosevelt.

Milwaukee, April 21.—Wisconsin Republicans hope to be able to get Governor Roosevelt to come to Milwaukee for the state convention next Wednesday. The idea was conceived when it was learned that the governor would be in Chicago Thursday for the Marquette Club banquet. It was thought he might come West a little earlier, and every effort will be made to persuade him to do so.

Hot Fight in the Fourth.

The fight for the Republican congressional nomination in the fourth district is waxing hotter. W. H. Stafford, who is the only candidate making any showing against Congressman Otjen, says he feels confident of being nominated and with a good majority. It is generally admitted that former Governor George W. Peck will be nominated by the Democrats.

Esch Is Renominated.

Aima, Wis., April 21.—Congressman J. J. Esch was renominated yesterday afternoon by acclamation by a large and enthusiastic convention of Seventh district republicans. Ira B. Bradford of Augusta was here with a large delegation of Eau Claire friends and found much encouragement for his gubernatorial campaign. Full delegations were present for all the counties in the district and everywhere it was said that the republican cause was fully as strong as it was four years ago.

Ninth District Delegates.

Hurley, Wis., April 21.—A full delegation was present at the Ninth Congressional district convention yesterday afternoon from the fifteen counties comprising this district. Walter Alexander of Wausau and B. W. Davis of Phillips were unanimously chosen delegates to the national republican convention at Philadelphia.

Unanimous for Cooper.

Kenosha, Wis., April 21.—The First district republican congressional convention will be held here next Tuesday. Congressman Cooper will be nominated unanimously.

Delegates Chosen at Delavan.

Delavan, Wis., April 21. The Republican Second assembly district convention this morning elected the following delegates to the Republican state convention: Frank Durkee, Lake Geneva; A. E. Smith, Delavan city; Frank Johnson, Darien; Frank Abbott, Geneva; J. C. Barr, Lake Geneva; C. C. Blanchard, Delavan city; D. W. Barr, Linn; J. M. Carey, Bloomfield; G. H. Martin, Walworth; John Piper, Darien; H. A. Briggs, Delavan town.

To the Republican Congressional district convention for the First district to be held in Kenosha, April 24, the delegates are: George B. Allen, Lake Geneva; D. S. Allen, Linn; Thomas Greer, Bloomfield; C. L. Wolf, Sharon; G. W. Benner, Darien; C. B. Summer, Delavan city; L. C. Church, Walworth; W. P. Dunlap, Geneva; R. H. Bristol, Delavan town; D. T. Gifford, Bloomfield; R. B. Arnold, Lake Geneva.

CHARLES POTTER FRIGHTENED

Too Much Small Pox at Spokane Falls Just at Present.

Mr. and Mrs. Charles Potter expected to leave Janesville this spring for Spokane Falls, Washington in which city they expect to make their future home. Instead of removing this spring they will now wait till fall on account of the many cases of small pox that are at present to be found at Spokane Falls and vicinity.

St. Louis Newspaper Fire.

St. Louis, April 2.—[Special Telegram]—Fire this morning destroyed the machinery department of the Daily Chronicle. It originated in the stereotyping room. The paper will be printed on the presses of a contemporary.

There was a still alarm of fire last night that called the fire patrol to the Ottoman Hotel. No damage.

Cheap washing soaps and powders, too,
With alkali are strong;
The dire destruction which they do
Is sure to show ere long.
But Ivory Soap will never hurt
The fabric, howe'er tender;
It makes short work of stain and dirt,
But no work for the mender.

Muddy complexions, nauseating breath come from chronic constipation. Karl's Clover Root Tea is an absolute cure and has been sold for fifty years on an absolute guarantee. Price 25 cts. and 50 cts. Sold by J. P. Baker.

Labor Troubles in Chicago.

Chicago, April 21.—Work on the Northwestern Elevated railroad structure and stations came to a standstill when the 153 union men—bridge and structural iron workers, sheet metal workers, painters and engineers—went on strike. The trouble was caused by the employment of forty non-union carpenters in the construction of the stations. The strikers marched to a point where the non-union men were at work, and the appearance of the husky iron workers and their companions had the effect of stampeding the carpenters, who lost no time in laying down their tools and caring for their personal safety.

These were the results of the labor troubles: Injured—William Cooley, 705 Washington boulevard, superintendent of the Otis Elevator company, assaulted at 24 Custom House court by supposed union picket, but not seriously injured; James Doyle, union carpenter, struck on head by Policeman Neilligan of the Hyde Park station while resisting arrest. Arrested—Michael Leahy, steamfitter, charged with disorderly conduct; George P. Gubbins, president bricklayers and stonemasons' union, charged with assault by Contractor Hancock and Attorney Perkins; two non-union men, carpenters, employed on Northwestern Elevated structure, charged with carrying concealed weapons.

Dr. RYAN WRITES ADVISEDLY ABOUT A CERTAIN TONIC.

WHITE CROSS MEDICAL ASSN.
Chicago Opera House Bldg.
Chicago, Feb. 6, 1900.
Val. Gent. Review of Co. Milwaukee:
GENTLEMEN:—In regard to your inquiry as to results obtained from the use of your MALT-VIVINE, in the several hundred cases where I have used it as an adjunct in the treatment of Typhoid fever, Pulmonary tuberculosis, Anemia, General debility, etc., will say that it has invariably proven to be of the greatest benefit and as a tonic, tissue builder and general restorative, I can and do most heartily recommend it to my brother physicians and the public at large. Respectfully,
T. HENRY RYAN, M. D.

BLATZ MALT-VIVINE
(Non-Intoxicant)
MAY BE OBTAINED FROM ALL DRUGGISTS

The Cheerful Milk Maid
watches the growth of the little calf till it is old enough to be sent to the slaughter house for spring veal for our select stock. We have the choicest spring lamb, veal, spring broiling chickens, sweet, juicy mutton and beef to be found in Janesville in our fine stock.

HAVOC BY THE 'FLOOD.'

Immense Damage Caused in Many Mississippi Towns.

New Orleans, April 21.—Advices from Pearl River say Pearl river has reached its highest mark since 1874. To-day the timber booms commenced breaking up, and thousands of dollars' worth of timber has been floated out to sea. All business on the river is at a standstill. The saw mills have had to discontinue operations. The water has reached the first floors of all stores along the river. The water is still rising and traffic of all kinds is suspended. Every bridge from Pearl River to Logtown has been swept away. People living on the Louisiana side have been forced to abandon their homes and flee to the Mississippi side for safety. Hundreds of head of cattle and hogs have been drowned. Deer and other game are swimming across the river at every available point. All farms and gardens will have to be replanted.

New Orleans has ceased to regard the flood situation as a temporary inconvenience. As time has passed and as the full scope of the disaster which visited this section of the country in the excessive rains which began in the early days of the week and still continue has been learned the conviction has been irresistibly brought home that a calamity of appalling magnitude has been experienced, and that instead of the worst being over the evil has just begun.

There are within the gates of the city no less than 500 water-bound travelers who are not only unable to return to their homes now, but who do not know when they will be able to leave. Partial reports of the damage incurred in the storm belt have run the figures up into the millions, and, taking into consideration the losses, real and resultant, the amount foots up to an enormous figure.

The Illinois Central Railroad system has incurred damages which will amount to hundreds of thousands of dollars, figuring the loss of business, and the end is not yet. Not only was that road tied up today, but there is no telling when the trains will be able to run. The streams are rising and rains continue to fall. The tie-up is complete, both on the Illinois Central and Yazoo and Mississippi Valley roads. The train which departed for Chicago Monday morning was only returned to New Orleans Wednesday night, and with the delayed passengers came back two car loads of mail, which had to be taken in charge by the postal authorities and routed out as expediency.

Iowa Fight Law in Force.

Davenport, Iowa, April 21.—George Stead of Chicago and Art Simms of Akron O., advertised to box twenty rounds here for a purse of \$1,500, did not get a chance to enter the ring. On receiving notice that the contest would not be allowed, in violation of the new Iowa prize-fight law, the match was called off. Alf Kennedy, who arranged the match; George Siler, who was to referee it; Eddie Santry, Harry Gilmore and other prominent ring followers had gathered here for the purpose of witnessing this first test of the Iowa law.

Chi Psi Fraternity Annual.

New York, April 21.—The annual convention of the Chi Psi fraternity was brought to a close with a banquet at the Holland house. The matter of forming a grand alpha chapter among the alumni of the fraternity was referred to a committee to be reported at the next convention. Elbridge T. Gerry was re-elected president of the fraternity, and it was decided to hold the next convention in Chicago under the charge of the Alpha Iota of the University of Wisconsin. Among the speakers was ex-Speaker Thomas B. Reed.

Houses and rooms are let every day through our want column.

Chairman Flees for Safety.

Chebaning, Mich., April 21.—The local quarrel in the republican ranks over postoffice and other matters culminated at the primary election of delegates to the Saginaw convention. About 125 voters were present, and before they knew what had happened a caucus was organized with M. D. Kirby, an anti-Fordney and Bliss man, as chairman. Then the election of delegates was completed with a rush.

When the majority woke up they discovered they had been outwitted, as the delegates favored the opposing faction. A great howl went up, and there were cries of "Lyach the chairman!" Kirby thwarted the desires of the angry politicians by making a hurried exit. Then about seventy-five voters got together and elected another set of delegates.

Explosion in a Fit of Laughter.

St. Louis, Mo., April 21.—Laughter caused the death of Bud Ferguson, a young negro, on the street car here. He was overjoyed because the St. Louis baseball team had defeated the "Pirates," and he had won a large sum of money. While returning home on the street car he met some friends and laughed so immoderately over his good luck that hemorrhage followed, and he fell down in the aisle of the car and expired in a few moments. Ferguson was 26 years old.

Unknown Sends \$1,000 Check.

Indianapolis, April 21.—A letter has been received by Gov. Mount containing a check for \$1,000, which the writer asked should be used in beautifying the grave of President Lincoln's mother, who is buried in Spencer county. The writer asked that his name be suppressed and that it should not be placed upon the books of the Nancy Hanks Lincoln Memorial association.

Michigan Calls Dr. Canfield.

Ann Arbor, Mich., April 21.—Dr. Arthur G. Canfield of the University of Kansas has been chosen as professor of Roman language and literature at the University of Michigan. The university regents have also voted to build this summer a \$10,000 addition to the mechanical laboratory for the new courses in marine engineering.

Orangeine

(Seventh Lesson.)
"Orangeine" appeals to your intelligence. Its essential ingredients are now named in the directions with every package, and you can see how the delicately balanced agencies enable Nature's functions to normally act. The continued public use of "Orangeine" shows conspicuously that while it relieves pain and indisposition, it also restores and reconstructs the system. Continued use also shows that it never harms and never loses its efficacy. In one case of incurable Spinal Tuberculosis the excruciating pain, is relieved by "Orangeine." The patient has taken over 70 boxes and his physicians are amazed to see that instant relief is still afforded by one Orangeine Powder. The Celebrated Kalish Pharmacy, 23d street and 4th avenue, N. Y., call it: "A marvel of efficacy and harmlessness."

Impure Blood.

Impure blood is a deadly poison. It is blood that becomes charged with the refuse matter and the cast-off products of wasted muscles and tissues. It is blood that is filled with acids, blood that lacks oxygen, and blood that is starved and watery for lack of nourishment. Impure blood clouds the brain, irritates the nerves, disturbs the heart, retards the circulation and clogs up the lungs. It vitiates the appetite, interferes with digestion, destroys the complexion and fills the body with disease.

To cleanse this sluggish stream of contaminating, putrid poison, and transform it into rich, red, bounding life-fluid of health, it is necessary to open up every avenue for the elimination of impurities and force them out of the system. At the same time the appetite should be so stimulated and the digestion so regulated, that the healthful and nutritious substance of the food will take the place of the poisons that are driven out. Nothing yet discovered will do this so thoroughly and so well as

Dr. Miles' Compound Wine of Sarsaparilla.

Is pleasant to take.

It penetrates to the farthest corners of the system and drives out the last vestige of disease. It makes rich, pure blood and sends it to every part of the body, renewing and rejuvenating every fibre and tissue.

Notice For City Printing.

As required by resolution adopted by the Common Council, April 19th, 1929.
Sealed proposals will be received by the undersigned city clerk of the city of Janesville, until the 1st day of May, 1930, at 12:00 o'clock, noon, to print in the English language, during the ensuing year, all ordinances, notices, and city advertising required by law, or by resolution or ordinance of the common council, to be published in newspaper. Also, separate proposals will be received to publish in the English language such proceedings of the common council as the council may order to be published during the year. By order of the common council.
A. E. EADGER,
City Clerk.

Dated April 17th, 1930.

Rubber Heeling, Soling and PATCHING

These are specialties with me. Particular work is given my closest attention. Pleased customers is my way of winning patronage.
O. P. BRUNSON,
60 SOUTH MAIN ST.

Hixson is Ready; Are You?

That new map of Rock County which has been in the course of construction the past three months, is about ready. A few more days will complete the best Map ever put out for old Rock. The farms, villages, cities, streams, lakes, roads, school houses, town houses, churches, cemeteries, railroads, etc., will all be shown and the entire plat will be as correct as it is possible to make it.

A great many people have given their orders and there are many more who should have the publication. Perhaps you are one of them.

If you have any business in Rock County at all you are certainly one of these who should have a map.

The Price, \$6.00,

Is a small matter in comparison with the great amount of good these maps will be for reference.

Your order will be cared for if you will send it to The Gazette office. Don't put it off longer in you would make sure of securing one.

WRITE TODAY.

W. W. HIXSON & CO.

R & G

When an R & G Corset is made, it is stretched over a steam-heated, iron form with a pressure of 600 pounds, that takes out every atom of "give" in the goods. The iron form is modeled after a perfect human figure and each style of R & G Corsets has its special form.

R & G Corsets are the only corsets that are made in this way—the only corsets that will not stretch—the only ones that do not have to be broken in.

Every R & G Corset is guaranteed to fit and wear satisfactorily. The picture shows the style of our popular Number 397 which sells at \$1. It has absolutely all the perfection of shape, fit and wear that any corset can have, no matter what the price. No corset of any other make is as good at any price.

Your dealer can supply you with R & G Corsets, if he will. If he will not, write to R & G CORSET CO., 375 BROADWAY, N. Y.

Wisconsin Weather Forecast

Unsettled tonight; Sunday occasional showers.

THIS DAY IN HISTORY.

823 B. C.—Alexander the Great died.
1142—Pierre Abélard, famous unfortunate French scholar and reformer, died; born 1079.
1699—Jean Racine, French dramatic poet, died; born 1639.
1783—Frederick Froebel, originator of the kindergarten system, born; died 1852.
1753—Bishop Heber, author of "From Greenland's Icy Mountains," born; died 1833.
1836—Battle of San Jacinto; defeat and frightful slaughter by Texans under Sam Houston; Santa Anna captured and Texas independence secured.
1879—General John Adams Dix died in New York city; born 1795.
1894—Ex-Governor James W. Throckmorton of Texas died at McKinney; born 1824.
1896—M. Jean Baptiste Leon Say, celebrated French statesman, died in Paris; born 1826.
1895—Minister Seward L. Woodford given his possessions at Madrid. Sampson's squadron blockaded Cuba. First marine capture of the war, the Spanish ship Buena Ventura, in the Gulf of Mexico. Date officially fixed as the beginning of the war.
1899—Dr. H. H. Kieffer, noted geographer and cartographer, died in Berlin; born 1819.

THE STREAM OF IMMIGRATION.

St. Louis Globe Democrat—Prosperity is not only attracting a larger number of immigrants to the United States than have come this way for many years, but the newcomers are apparently distributing themselves all over the country with a greater approach to equality than has been noticed before at any time. They are going into all the states east of the Mississippi as well as west of it, and south of the Potomac and the Ohio as well as north of those streams. This wide diffusion among the immigrants is a notable circumstance.

Before the civil war, of course, comparatively few immigrants from Europe went to the Southern states. Slavery was almost as effective in shutting out settlers from the Old World from any of the states below Mason and Dixon's line as a cordon of soldiers along the boundary would have been. Slavery erected a social quarantine against the south until the extinction of that institution in 1865. The poverty which the war brought to that section and the domestic troubles which attended the return of those states to their old relations to the Union, hampered immigration for a dozen years after the war ended.

At the present time, however, the south and east are getting a considerable share of the immigrants from the Old World, while, of course, the West is now slighted. The erection of factories throughout the south in the past twenty years has attracted many immigrants to that quarter and manufacturing is at present very prosperous, with the wages of its operatives high. The vacant lands are not so great in extent as they were once, which is one of the causes why a larger proportion of the immigrants remain east of the Mississippi than did so formerly, and the growth in manufactures and the advances in wages, most of the factories being in the eastern half of the country, is another reason. No part of the country is neglected any longer by the newcomers. The West, however, is getting its share of them, and is glad to see the East and South securing many of the new Americans.

BELOIT TRIBUTE TO MR. WHITEHEAD.

Beloit Free Press—The Republican newspapers of northern Wisconsin are very fond of asserting that "Northern Wisconsin is entitled to the recognition" that the nomination of one of its candidates for governor would give. This is asserted with a great deal of frequency and emphasis, notwithstanding the fact that for the past six years "Northern Wisconsin" has had the "recognition" that the selection of governor from its section has given it. When it comes to "recognition" on the state ticket there is no part of the state that has had less of it in the past two decades than the Southern and Southwestern, but no part of the state has rolled up more "recognition" of the Republican candidates at the polls than these. For a long time the Republicans of Southern Wisconsin have cheerfully and loyally given their majorities to candidates from Northern Wisconsin, Eastern Wisconsin and Central Wisconsin, and now ask all these sections to as cheerfully and loyally return the favors by joining in the movement that has for its object the nomination of John M. Whitehead for governor—not because he is a Southern Wisconsin man, not because Southern Wisconsin is entitled to "recognition" but because he is an able man, a clean man, an upright man, a broad man, an impartial man, a just man—just such a man in whom Republicans of Wisconsin can safely repose the great responsibilities of government.

The abolishing of spring duck shooting has caused an increased interest in

trap shooting, and nearly every Wisconsin city now supports a club for inanimate target shooting. Janesville sportsmen have taken no interest in this amusement for some time past, but a movement is now on foot to revive it. The invention of smokeless powder and the perfection of modern fire arms has added much to the zest of this form of recreation, and trap shooting is now one of the most popular of the out of door pastimes.

In republishing a clipping from the Oconto County Reporter, The Racine Journal says, under the heading "A First District Candidate": "Senator Whitehead of Janesville is the recipient of a large number of exceedingly pleasant notices from papers in this district as well as in those of others. Of late Racine county Republicans have been familiarizing themselves with his name."

Pat O'Den, the star football player of the U. W. eleven, will go to Australia and enlist in the British army for service against the Boers. It is likely however, that O'Den will find the game much different from the one in which he excels, as the Boers are certainly hard men to tackle.

The Cuban census develops some interesting statistics. Out of a population of over one and a half millions, less than half a million can read and write. Native whites compose 58 per cent. of the population, the balance being negroes. Havana has 235,981 residents.

A press dispatch makes the announcement that:

Carl Brown of Coxey army fame, created a sensation at the convention of the middle-of-the-road populists by strongly advocating Admiral Dewey as head of their ticket. Great Scott! Has it come to this?

Senator J. S. C. Blackburn, of Kentucky, is also on the anxious seat. It is decided that Taylor is not the legal governor of Kentucky, Blackburn cannot be the legal United States senator.

During the month of March the amount of money in circulation in the United States was increased by \$18,345,715.00, making a per capita of \$26.12—a good record surely.

Ten cent cotton makes the Southern planters rich, and they will not listen to the talk of William J. Bryan and other painters of dark pictures. Facts are stubborn things.

"No man ever wanted to put his arms around a woman with a rainy day skirt on," says the Milwaukee Journal. Certainly not. Men do not wear rainy day skirts, you know.

Did you make a friend for Janesville today? Let no opportunity pass to talk for the Bower City. "The Lord helps those who help themselves."

The Pennsylvania democrats, too, appear to look upon Admiral Dewey with suspicion, and hence will support William J. Bryan.

Perhaps it would be well to change the name to the American Steel & Wire Pulling Co.

A DWARF QUEEN.
Probably the smallest monarch in the world reigns over the Hindu vassal state of Bhopal, and governs a people of more than a million souls. This dwarf is a woman, Djihan-Begum by name, but although she is about fifty years old, she does not appear larger than a child of ten. Her diminutive size does not prevent her, however, from holding the reins of government with a firm hand, and in her realm quiet and order are supreme.

Working Boer Sentiment.
Proprietors of New York saloons frequented by pro-Boers decorate their show windows with fancy baskets filled with bottled liquors, the whole decorated with ribbons of the Boer colors—red, white, blue and green. It is said to be a clever way to attract the trade of both Irish and German sympathizers with the Boers in their fight against England.

Wall Paper.

SELKIRK'S,

6 North Main Street.

This Store is the Center of Attraction For All Well Posted Buyers.

They have learned by past experience that we show all the desirable new things in dry goods as soon as they are brought out, and that we do not tack on any fancy prices just because we are in the lead of our competitors. Our spring stock is an exposition of the latest and best ideas in dry goods. The same goods that the largest city retailers are showing may be seen here at less than city prices. Everything is in favor of the customer here. That's why this store is popular.

Millinery Leadership...

Centers here. New patterns on display this week, comprising all that is late in the millinery world. Exclusive styles are a feature of this department—moderate prices are another. We employ eleven people in this department and are prepared to execute orders on time.

Wash Silks.

Twenty-five pieces of new Wash Silks, in all of the desirable colorings such as pink, blue, old rose, helio, grey, &c. All are stripes of these colors with white, and are just the right idea for waists. Width, 19 inches. Special value, 50c per yard. 3½ yards is a waist pattern.

Tailor-Made Garments...

Wonderful—has been our dress to date—Many reasons—more suits, nobbier styles, lower prices—We easily lead in all lines of ready-to-wear outfits. Skirts, Jackets, Waists, Petticoats.

SMART FROCKS IN PASTEL TINTS.

This Is the Latest
Freak of Dame Fashion, Says

MAUD BAUME ROBINSON.

GOWN OF DOTTED BLUE VEILING, TRIMMED WITH BLACK LACE
APPLIED OVER PALE YELLOW.

In the import departments of the shops there is an atmosphere of suppressed excitement. The "greenroom" is filled by a bevy of stately models who twirl and prink in front of the long mirrors while they are being dressed by their envious companions. And truly when Miss Juno steps out with a haughty air and glides among the customers clad in a mass of trailing richness no one would ever dream that she was not to the purple horn.

Alas, for the usual result! Old Mrs. Cressus buys the gown and has it altered to fit her own dumpy figure! Such costumes as Paris has sent us this year! Gowns of lace worth small fortunes. Not only black, white and cream color, but even gray and pastel green lace dresses are shown. These are the two great novelties. The gray is most artistic made over lavender silk. The green is of a very delicate tint and is usually combined with white or shell pink.

It is needless to say that one pays high for the unusual color. Some of the dresses are ornamented with tiny flowers made of gray, pink or blue chiffon. The skirts of others are decorated with flights of spangled swallows or butterflies, but the very swiftest thing is to have a cream lace dress trimmed with appliques and insertion of black lace.

The other day I saw one of the members of the "smart set" riding in the park in her carriage. She was seated on the wrong side. An English writer says that this is a common fault with the American woman and that it proceeds from her inordinate desire of showing herself.

"No English lady," he goes on loftily, "would think of sitting anywhere but on the right hand side behind the coachman."

Anyway, if the woman I saw had this object in view she could not be blamed; for she was most exquisitely gowned. She wore a dress of palest green broadcloth laid in fine tucks and trimmed with wide bands of coffee-colored applique. It opened over a rust of rose chiffon. Her hat was of white tulle, hand painted with a Dresden design. It was made with the new triple brim, each brim being edged with a tiny black velvet ribbon and black chiffon ruffling. The touch of color was supplied by a bunch of pale green and pale pink poppies, for even the poppy has been made to forswear its original color and follow the craze for pastel shades.

Pastel shades! We hear nothing but

that, and now comes the pastel sailor. It is the very latest thing. Miss Up to Date no longer delights in a stiff straw decorated with a bow of black velvet and a quill. Her "shirt waist hat" rivals the rainbow, for it is trimmed with four rosettes of soft French ribbon in pastel blue, pink, yellow and lavender.

These pale shades are exquisite together, and they harmonize with any shirt waist except red, but then very few red waists will be worn this summer. The most popular colors will be, first and foremost, white, then pale blue, pale pink and lavender. The disastrous way in which gingham fades is the cause of the popularity of the wash silk waist. This comes with a tiny cord running through it to give it body. An up to date modiste assures me that it has completely taken the place of gingham among her "smart" customers.

I sometimes wonder if it pays to look one's best when one goes to the milliner. Of course one's hair should be prettily fluffed and all that, but there appears such a thing as overdoing it. "Look at this hat," mournfully remarked my friend, "and then look at me!"

I did so, and I promptly shut my eyes. "Good gracious! What made you buy an 'ashes of roses' hat?" I gasped.

She subsided into tears. "It cost \$30," she sobbed, "and now I can't wear it. Look how yellow I am!" An inspiration dawned upon me.

"The day you went to madame's opening did you?" I hinted gently. She hid her eyes in her handkerchief. "I-I put on just a tiny bit," she confessed. "I was so white I wanted to look well!"

"Well, you will have to go on doing it," I remarked cheerfully, "that's all." For that matter so will almost every woman who has bought an ash of roses hat to madame's little pink draped parlor. It would be hard to find a more universally unbecoming color than this fashionable shade.

Was there ever such a rage for green? Last summer it was under a cloud, and those unfortunate enough to have gowns of that color wore them half shamefacedly. This year the same despised foulards and muslins will be remodeled and brought proudly to the front.

"One of the most peculiar novelties is the Persian silk waist with a sash of the same material fastened with a buckle at the waist line in the back. One of my friends calls it 'the waist with the tail,' and it certainly does look that way. Another odd trimming is shown in a yellow lace waist.

CONGRESSIONAL DISTRICT

Republican Convention

The Republican Congressional District Convention for the First District of Wisconsin will be held at Kenosha, on Tuesday, April 24, 1900 at 11 a. m., for the purpose of electing two delegates and two alternates to the National Convention to be held in Philadelphia next June; to nominate a presidential elector and also to nominate a candidate for member of congress to be voted for at the coming November election; to elect a Congressional District Committee; and to transact such other business as may properly come before the convention. Representatives for each 250 republican votes, and major fraction thereof, cast in each assembly district at the general election in 1898. As follows:

La Fayette county	one district	12 delegates.
Green	one	12 "
Rock	1st	9 "
	2nd	11 "
	3rd	13 "
Walworth	1st	10 "
	2nd	11 "
Kenosha	one	11 "
Racine	1st	11 "
	2nd	12 "

TRY GRAIN-O! TRY GRAIN-O!

Ask your Grocer today to show you a package of GRAIN-O, the new food drink that takes the place of coffee. The children may drink it without injury as well as the adult. All who try it, like it. GRAIN-O has that rich, sweet brown of Mocha or Java, but it is made from pure grains, and the most delicate stomachic food. 15c. and 25c. per package. Sold by all grocers.

BABY'S BIRTH

can be entirely avoided by the use of "MOTHER'S FRIEND," a scientific solution of all the dangers of child-birth.

A booklet, giving all details, will be sent free by Bradfield Regulator Company, Atlanta, Ga.

Is looked forward to with expectations of joy and gladness. The ordeal of bringing the little one into the world, however, is a critical one for the mother-to-be, and her anticipations of the coming event are shadowed with gloom. Half the pain and all the danger of child-birth.

MOTHER'S FRIEND

"Housework is hard work without Gold Dust"

To Clean Matting

Few things can be used to clean matting; salt and soda have been used, but experience has taught that the best way is to have the matting thoroughly swept, and then go over it with a solution of warm water with

Gold Dust Washing Powder

dissolved in it; it is best to use a woolen cloth; a tablespoonful of Gold Dust Washing Powder to a quart of water is the proportion; wring the cloth almost dry and rub quickly, but the moment the water gets dry, change it for fresh; then follow the wet cloth with a dry one. This will clean it perfectly.

The above is taken from our free booklet "GOLDEN RULES FOR HOUSEWORK."

Sent free on request to
THE N. K. FAIRBANK COMPANY,
Chicago, St. Louis, New York, Boston.

CASE OF REINCARNATION

Professor Flournoy's Experiments With a Swiss Woman.

MISS F.'S FORMER EXISTENCES.

Under Hypnotic Influence She Seems to Recall Three—One in Mars, One in India Centuries Ago and One in France During the Great Revolution.

A short time ago the London correspondent of the New York Sun cabled some particulars of the strange case of apparent reincarnation reported by Professor Flournoy of Geneva. Those who remembered Rudyard Kipling's tale "The Finest Story in the World" will at once notice the strange similarity between the professor's case and the writer's imagination. A few years ago Blanche F., a young woman of Geneva, consulted the professor for some nervous trouble. He then discovered the peculiarities of her case and for three years made careful observations. He also called in some of his colleagues to assist in his experiments.

The result of their experiments was briefly this: When in a state of hypnotic trance, Miss F. seemed to have clear recollections of three distinct previous existences. The first was on an unknown world, which she describes and which, from her description, agreeing more or less as it does with scientific assumptions, is supposed to be the planet Mars. When she refers to this state of existence, Miss F. speaks a strange language, which never varies, and also writes in strange characters, which are always consistent. Her second existence was in India at a far distant epoch. When referring to this stage, Miss F. speaks pure Sanskrit and refers to events of which the historical accuracy has been proved. Her third state of existence would seem to have been in France at the time of the revolution.

Miss F. is of irreproachable character and works regularly in a business house. Professor Flournoy declares that he is convinced there is no trickery and owns, in company with his colleagues, that he is completely mystified. Obviously, of course, there is plenty of opportunity for chicanery in a pretended knowledge of affairs so recent and well known as the events of the French revolution. It is impossible to apply any test to the truthfulness of a description of life on the planet Mars, but there is no doubt of the purity of Miss F.'s Sanskrit.

A few days ago Professor Flournoy submitted this strange case to a committee of undoubted savants. The séance was held in the private house of a German professor at Charlottenburg. Among the guests were a number of university professors. There were also present three professors of the Oriental seminary—Professors Bacha, Hsueh-Shen and Hassan Djeloddin—and two newspaper men. Professor Flournoy gave the assembled guests a brief resume of his observations and then proceeded to put Miss F. into a hypnotic sleep.

Upon being commanded to speak Miss F. uttered what one of the newspaper men describes as "a strange sounding idiom with innumerable 'a's.' Two of the Indian philologists made a movement of surprise.

"Sanskrit undoubtedly!" said one. "She speaks it better than I can," remarked the other. "It is wonderfully pure and classical." He then proceeded to interpret: "She is in a temple—huge pillars all round. She is lying on steps going down to the water. The water is yellow, the steps are white and rose colored—she smites her head on the stones, weeping—she is afraid of the monkeys—hundreds of them—she worships them because they are holy—she makes a vow to—"

The sleeper stopped short, the blood rose to her face and her lips quivered. Suddenly she started singing softly, "Madame Veto avant promiss!" The Carnagnoise!

The face of the medium now assumed such a wild expression in contrast to her soft, monotonous voice that some of the guests became alarmed. She suddenly stopped again.

Professor Flournoy said that he had only once succeeded in transmitting the influence from Miss F. to another person by contact of hands and that it might be possible for a hypnotic medium to follow the working of her mind in this fashion. A young specialist in nervous diseases volunteered to make the experiment. Dr. Flournoy placed him exactly opposite Miss F., joined the palms of their hands and gently stroked the point of juncture. The blood disappeared from the young doctor's face, and his heart began to heave. Then for five minutes all was silence. The following is a shorthand report made by one of the reporters of what the doctor said when commanded to speak. His voice was hoarse and without expression as he said:

"What a curious city—houses like pyramids—one on top of the other—like hills—all glass—no, not glass—glittering—don't know—what is that?—trees—animals—living—but they are fixed to the ground—what flowers, opening and closing themselves—curious glowing eyes inside—strange scent—oh, what is behind there?—a mountain, a volcano—but that is no fire—burning air—thunder—lightning—we fly—we are current—swept along—all is alive—but where?—but what?—in the glass pyramids—stuff like glass, though."

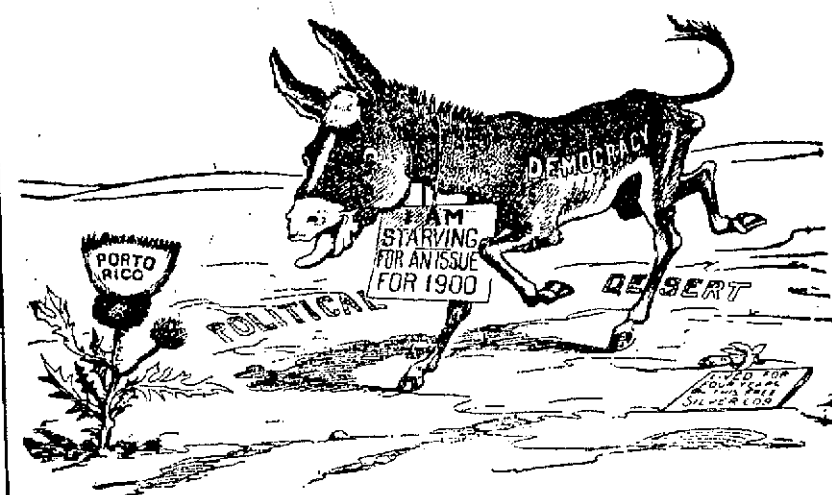

The young doctor's voice suddenly became a shriek, and the host sprang forward, demanding that the experiment should stop. Professor Flournoy obeyed and awoke the doctor and Miss F. simultaneously.

NOT MUCH OF A DOCTOR.

"They say when a man arrives at the age of 40 he's either a fool or a physician. Now I'm just 40."—St. Paul Pioneer Press.

THE SEARCH STOPS.

The Right Thing Has Been Found. A Janesville Citizen Shows the Way.

Once more we are indebted to a Janesville citizen for a public statement that throws more light on a subject of ever-increasing interest. People have been deceived by false misrepresentations from time immemorial. No wonder they are skeptical of all claims endorsed by strangers, residing in far distant parts of the Union. It is no longer necessary to accept such endorsements, for local citizens are giving their testimony, and 'tis an easy matter for any reader to investigate the correctness of such evidence as the following:

Mr. H. W. Rodgers, carpenter, of 210 South Main street, says:—"My wife had kidney complaint and rheumatism for five years, suffering a great deal from pain across the loins. Doan's Kidney Pills, sold by the People's Drug Co., brought much longed for and gratifying results. At first there was no visible change and she came to the conclusion that they were like all other remedies she had tried, but finally the aching and the distress in the small of her back disappeared."

Doan's Kidney Pills for sale by all dealers. Price, 50 cents. Mailed by Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

The original paintings valued at \$5,000.

Baker's Monaca Coffee Pictures Free!

One picture given away with every two pound purchase of Coffee. They are mounted on artistic mats of dark neutral tints 11 x 15. This is the season's opportunity to decorate your home. Many people have already collected the series 8.

Ask your Grocer for them!

These pictures will positively not be sold.

For Sale by F. S. Winslow

Nasal CATARRH

In all its stages there should be cleanliness.

Ely's Cream Balm

cleanses, soothes and heals the diseased membrane.

It cures catarrh and drives away a cold in the head quickly.

Cream Balm is placed into the nostrils, spreads over the membrane and is absorbed. Relief is immediate and a cure follows. It is not drying—does not produce sneezing. Large Size, 50 cents at Drug-gists or by mail; Trial Size, 10 cents by mail.

Ely Brothers, 55 Warren Street, New York.

The California Limited

Finest train west of Chicago, 66 hours to Los Angeles, via Santa Fe Route.

Pullmans, Dining Car, Buffet-Smoking Car (with barber shop), Observation Car (with ladies' parlor), Vestibule and electric-lighted throughout.

Dr. Williams' Pink Pills for Pale People are never sold by the dozen or hundred, but always in packages. At all druggists, or direct from the Dr. Williams Medicine Company, Schenectady, N. Y., 50 cents per box, 5 boxes \$2.50.

IN BESIEGED MAFEEKING.

Life Under Boer Bombardment
Described by Lady Wilson.

NO SHELLS FIRED ON SUNDAY.

This observance of the Day has Proved a Blessing to the Harassed Garrison—Shells Thrown into the Women's Camp—Boys in the Siege, Cattle Raiding by Night.

That most dramatic of all the features of the war, the siege of Mafeking, continues to occupy the first place in the attention of the British people, and every scrap of information that comes from the beleaguered little garrison is welcomed. There are strong expectations in official as well as general circles at this time of writing (April 6) that news of relief by Plumer's or some other force will come soon. It is certain that no disaster in South Africa would cause such deep and widespread disappointment and grief in England as the failure to save Baden-Powell's brave band. A budget of interesting details of the siege, which somehow has found its way through the cordon of Boers around the town and then through Rhodesia and overland to the sea, has at length reached London. It brings down the story of the siege to Jan. 20, two long months ago. Later news has come by cable, but it is the bald, scrappy intelligence. The writers of these communications are Lady Sarah Wilson and the correspondent of the London Times. Lady Sarah's letter appears in the *London Mail* of April 5, and from it the following paragraphs are taken:

"A feature of the town at present is its bombproofs or shelters from shell fire. From rough holes, hastily dug and covered over with deal boards and earth, which were at first constructed at the arrival of the monster 'Cresset' Boer gun, which fires a projectile of 94 pounds, these refuges have been improved until they are now luxurious chambers, roofed over with best steel rails and sand bags, ventilated and lighted by round windows and large drain pipes.

"Mine, for instance, measures 18 by 15 feet and is 8 feet high, with boarded floor covered with matting and paneled wood walls painted white. With three large porches for windows, it much resembles the cabin of a yacht, and its efficiency has been thoroughly tested, as it is, I think, the only shelter in the town on the top of which a 94 pound shell actually exploded without even making the glasses rattle or disturbing various war trophies hung on the walls inside. As an example of the curious effects of these shells and the marvelous escapes recorded I may mention that a fragment of this one went through a room of Mr. Well's adjacent house, taking a canary and cage with it through the window and leaving them at some distance, while another piece went into a house across the street, making mince meat of a sewing machine and a new dress a young lady was making and which she had left but three minutes before. Except this misfortune and the death of the canary, no harm was done, but, alas, the same tale cannot always be told.

"Scarcely a day passes without some white man or native being added to the already sadly long list of those in this tiny community who have been martyrs to this one-sided bombardment. Women and children have not escaped scot free. Only this morning a shell exploded in the women's quarters, the locality of which the Boers knew perfectly well, killing, curiously enough, a little Dutch girl of 12 years of age holding a baby (the latter was unharmed), besides fatally injuring a Kaffir girl.

"And thus it is most days. Apart from our losses among the soldiers—B. S. A. P. (British South African Police) and Cape police in the various and gallant sorties which have been all duly recorded in the papers—civilians and innocent individuals have been struck down and terribly mutilated, suddenly and almost without warning. I say almost, for when the big gun is loaded the lookout at headquarters, from whence all her movements can be accurately watched, gives the alarm by sounding a deep toned bell, and when the gunners go to fire her this is supplemented by the shrill whistle of a smaller bell—not much louder than our ordinary muffle bell, but which can be distinctly heard in this clear atmosphere. After this second warning about three seconds elapse before the explosion.

"Apocryphal of this wise measure, which has been the means of saving many lives, the town dogs have now fully grasped its meaning and whenever the bell rings begin to bark loudly in all quarters, so that if by chance one fails to hear the busy shrill tone of our trusty little friend the dogs' voices in unison cannot fail to warn one to take shelter. The dogs, indeed, play a great part in this siege. One belonging to the base commandant has been wounded no less than three times; another, a rough Irish terrier, has accompanied the Protectorate regiment in all its engagements; a third amuses itself by running after the small Maxim shells, barking loudly and trying hard to retrieve pieces, while the resident commissioner's dog is a prudent animal, and whenever she hears the alarm bell tears into the bombproof attached to her master's redoubt and remains there until the explosion is over.

"What are even more to be feared than the monster gun's projectiles are the shells from the high velocity Krupp gun, for which no warning can be given, as the flash and explosion are practically simultaneous, and the

poisonous little 1 pounder Maxim shells, which seem to come everywhere and are generally fired in threes or fours. As the latter whistle overhead the sound resembles that of a very long cattle whip sharply cutting the air, cracked and manipulated by a master hand. Very different is the sickening whirr of a big shell, followed by the dull thud and crash denoting where it has dealt death and destruction. At least 700 of the 94 pounder shells have been fired into this undaunted little town, and it is computed in all certainly 5,000 missiles of different kinds of destructive power from the Boer artillery have found their billets here. There is something very cowardly in the fairly regular evening shell from the big gun, which is usually loaded and aimed at sundown and fired off between 8 and 9 p. m., or even later, over a partially sleeping town, very early hours being kept here, when the Boers must know men and women may be killed indiscriminately.

"For this last shot wearied women and children generally wait before leaving their shelters and seeking their beds in their various houses. But sometimes, as a refinement of cruelty, it is not fired at all, and these evenings the poor things creep to bed at last with many forebodings.

"A curious phase of the Boer character is the much vaunted observance of the Sabbath, and on this day by a sort of mutual agreement neither side fires a shot. Pale women and children emerge from the larger dressed in their Sunday best, the shops are open and do a lively trade, services go on in the little English church, still almost uninjured, and every one is able safely to ride and walk about the town and outside on the veldt within our lines. So different is the aspect of everything that one could hardly believe it is the same town. In the afternoon, under the auspices of the C. O., sports are organized, the band plays, and every one thoroughly enjoys himself.

"Other Sundays the officers of the garrison engage in a polo match and disperse tea to their friends, and almost the whole town turns up on the polo ground, fairly reveling in the fresh air and sunshine. There is no doubt that to every one, but more especially to the women and children, this happy one day in the seven is an inexpressible boon and that their spirits are kept up and their health improved by living in anticipation of this outing."

The *London Times* correspondent describes the process by which the besieged sometimes get supplies of fresh beef at the Boers' expense:

"Black and white alike take part in sniping, but to the native here the siege has brought the means and opportunity of indulging in a pastime of quite a different character. If sniping be the rule by day, cattle raiding by night gives to the natives some profitable employment. During last night the Baralong secured by a successful raid some 24 head of cattle, and in the course of last week another raiding detachment looted some 18 oxen. The native enjoys himself when he is able to participate in some cattle raiding excursion to the enemy's lines, and, although the local tribe may not have proved of much value as a unit of defense, their success at lifting the Boer cattle confers upon them a unique value in the garrison. We were deploring the poignancy of the cattle which remained at our disposal only a few days ago, but the rich capture which these natives have made has given us a welcome change from bone and skin to juicy beef.

"These night excursions are eagerly anticipated by the tribe, and almost daily is the consent of Colonel Baden-Powell sought in relation to such an object. During the day the natives who have been deputed to take part in the raid approach as near to the grazing cattle as discretion permits, marking down when twilight appears the position of those herds that can be most readily detached from the mob. Then, when darkness is complete, they creep up, divested of their clothes, crawling upon hands and knees, until they have completely surrounded their prey. Then quietly, and as rapidly as circumstances will allow them, each man gets a move on his particular beast, so that in a very short space of time some 10 or 20 cattle are unconsciously leaving the main herd. When the raiders have drawn out of earshot of the Boer lines, they urge on their captives, running behind them and on either side of them, but without making any noise whatsoever. As they reach their stand, their approach having been watched by detached bodies of natives who, lying concealed in the veldt, had taken up positions by which to secure the safe return of their friends, the tribes go forth to welcome them, and when the prizes have been inspected and report duly made to the colonel they celebrate the event with no little feasting and dancing. Upon the following day merriment reigns supreme, and for the time the siege is forgotten."

Valuable Pint of Perfume.
Manufacturers of perfumes from many cities will attend an auction sale which was recently ordered to be held in Baltimore on May 7, when a bottle of the strongest violet extract, valued at \$1,200, will be sold by the federal officials, says the New York Times. It was seized for undervaluation by customs officers. The liquid is a coal tar product called "ionone," generally called violet water, because its odor is similar to that emitted by preparations sold under that name. When the ionone arrived, a valuation of \$150 was placed upon it by the importers, but the Baltimore appraisers investigated and learned that the article was valued at \$645 in England, where it was placed aboard the steamer. The duty on articles of this kind is very high, and thus, with the price of the ionone, increased the value of the pint bottle to \$1,200.

BACKACHE

Women Suffering with Backache are Requested to Read These Letters From Women Who Have Been Cured of it by Lydia E. Pinkham's Vegetable Compound.

Could Not Sleep

"DEAR MRS. PINKHAM—I thought that I would let you know how much good Lydia E. Pinkham's Vegetable Compound has done me. Before taking it I suffered very much with backache, could not sleep nights. Now, thanks to your medicine, I rest very well every night and am better than I have been for years. I want every woman to know what your Vegetable Compound has done for me. I know it will help others if they will only give it a trial."—Miss GRACE COLTON, Oswego Falls, N. Y.

Backache and Headache

"DEAR MRS. PINKHAM—I had headache and backache, was nervous all the time. I have taken five bottles of Lydia E. Pinkham's Vegetable Compound and have had better health since taking it than I have had for ten years. I am stronger than I was and weigh more than I ever did. I think it is the best medicine on earth and have recommended it to others. May God bless you for the good you have done to suffering women."—MRS. MARGARET WILD, Clover Bottom, Ky.

Profuse Menstruation

"DEAR MRS. PINKHAM—My trouble was profuse menstruation, lasting from one to twelve weeks. The flow was so great I thought I could not live over night. I had pains in my right side very severe at times, hot flashes so that I thought I would burn up. I had to stay in bed nearly all the time for two years and six months. I had two doctors but they did me no good. My neighbors thought that I could not live. While I was in this condition, a lady gave me some of your medicine. I began its use at once and in two days felt that it was doing me good. I soon got out of bed and commenced to do my work, something I had not done for over two years. I continued taking your medicine and now feel as though I was young again. My changes are now regular and people are telling me how well I look. I tell them that Lydia E. Pinkham's Vegetable Compound did it all."—ALMEDA R. DUNLAP, 29 S. Kent St. Winchester, Va.

Thirty years of constant success is the record of

LYDIA E. PINKHAM'S VEGETABLE COMPOUND

"Eggs is Eggs,"

Said an old lady who lived on a farm and did not know that here in town eggs are eggs, fresh eggs, and strictly fresh eggs.

To many people all

Men's Work Clothes

look alike. They do not think that in some the goods are saved too much in cutting, that they are poorly made or of shoddy material. If you are looking for reliable, perfect fitting goods of this kind, correct in every way, try

WINE OF CARDUI

HEALTHY OLD AGE.

LARGE, BENTON CO. ARK., AUG. 4.
I am 49 years old and have been suffering with Change of life. I had flooding spells so bad that none thought I could live. My husband got me Wine of Cardui and it saved my life. I am like another person since taking it.

MRS. E. B. TOWNSEND.

Wine of Cardui

It is the devout wish of nearly all people to live to a ripe old age. None of us want to die young. This universal desire can be realized if care be taken of the health in early and middle life. A little precaution then will add many years to our existence. Death can be kept away a long time. Happy, healthy old age will be the lot of the woman who promptly corrects the ailments which afflict her sex. In youth, Wine of Cardui will take the female child safely over the dividing line between girlhood and womanhood. As a wife she needs it to help her through the trials of pregnancy and childbirth with as little discomfort as possible. At the Change of Life it will help her over the dangerous place that appears in her pathway between 40 and 50. Then will come many years of truly blissful existence. She will grow old slowly and gracefully. To the last she will preserve that charm and beauty which are always characteristic of perfectly healthy grandmothers. It is for women alone to decide whether they will be healthy or sick. The remedy for their sickness is close at hand.

LADIES' ADVISORY DEPARTMENT.

LATE TELEGRAPHIC NEWS.

CANAL BILL WILL PASS.

Hope for Nicaragua Measure Is Raised

THE PRICE OF ARMOR PLATE.

Hawaiian Conference Report—After Sharp Criticism the Senate Postpones Action Upon It—Famine Sufferers in India to Be Relieved—Turkey.

Washington, April 21.—The senate had under consideration during the greater part of the session the conference report of the Hawaiian civil government measure. Mr. Cullom made an extended explanation of the changes in the bill. The report was the subject of sharp criticism. Final action upon it was postponed.

The Alaskan civil-code bill was considered for a brief time. Mr. Bate (Tenn.) delivering a speech in opposition to the pending Hansbrough amendment relating to the rights of alien miners.

As a result of a protracted struggle in the house the provision of the naval appropriation bill to enable the secretary of the navy to contract for armor for the battleships Maine, Ohio and Missouri, now awaiting their armor equipment, at \$545 a ton, the price asked for Krupp armor, is out of the bill, as is the provision to repeal the \$500 limitation placed upon the price of armor by the current law. The words stricken out are "at a cost not to exceed \$545 a ton, including royalties." It is contended by some that this empowers the secretary to contract for armor without regard to cost. By others it is claimed that the provisions will be ineffective unless the senate inserts the price. Before the armor-plate question came up two amendments to modify the provisions for the increase of the navy, which authorized two battleships and six cruisers, were defeated.

The Nicaragua canal bill as amended by the interstate commerce committee will pass the house at this session. This is the confident prediction of Representative Hepburn, chairman of the committee, and his associates, who have been trying for several weeks to secure consideration for the measure in the house. Representative Hepburn now expects the committee on rules to give the right of way to his bill about May 1.

The vessel which has been secured for the conveyance to Bombay from New York of the relief supplies for the Indian plague and famine sufferers is the British steamship Quito. Pay Director Denniston telegraphed the navy department that the persons who were supplying food to make up the cargo had agreed to increase their contributions from 2,500 tons to 5,000 tons, the full capacity of the Quito.

Representative Heatwole of Minnesota introduced a bill for the relief of the Menawakanon band of Sioux Indians residing in Redwood county, Minnesota. It authorizes the sale of a part of their lands, the price of which is to be applied to the purchase of lands elsewhere.

Lieut.-Col. William P. Hall has just been ordered to Chicago for duty as adjutant-general of the department of the lakes. He has been serving in New York.

CULLOM'S BILL MEETS DELAY.

Quorum Not Present to Act on Interstate Measure.

Washington, D. C., April 21.—In spite of Senator Cullom's efforts the railroad interests were again in his committee on interstate commerce. Barely a quorum responded to his call for a meeting to vote on reporting out the bill to amend the interstate commerce act, and ex-Senator Manderson, who was to attend as a railroad attorney, did not take the trouble to appear. Nothing daunted, Senator Cullom promptly issued another call for a meeting next week and he said that when a vote would be taken without fail on the bill. There are eleven members of the committee and the reported majority of six against the Cullom bill, it was said to-day, would never yield. In the matter of pensions Senator Cullom was more favored. W. L. Baker of Harrisburg, Ill., well known in southern Illinois, received a pension of \$72 a month, one of the highest amounts granted by the government. C. J. Frankhauser of Albion, Ill., got a pension of \$20 a month.

It was intended to hold a meeting of the senate committee on privileges and elections to-day, to consider the report of the committee in the case of Senator Clark of Montana, but owing to the recent changes made in the text of the report, it was found impossible to prepare it for presentation. The principal difficulty in agreeing upon a report is found in the treatment of the episode connecting the Montana Supreme Court with the Clark contest. There also are some differences as to the method of treating Congressman Campbell's and ex-Senator Whitesides' connection with the case.

BILL MAY BE AMENDED.

Puerto Rican Measure Has Some Objectionable Provisions.

Washington, April 21.—Another duel between the house and senate is threatened by a definite movement, originating

in the house committee on insular affairs, to amend and repeal provisions of the Porto Rico civil government bill relating to franchises and popular suffrage on the island. A bitter feeling of enmity against the civil government bill prepared by Senator Foraker's committee has been fostered in the lower house and will manifest itself in the form of a number of amendments to the civil government bill and resolutions urging the repeal of certain obnoxious provisions which are frankly branded by members of the insular committee as "imperialistic." Chairman Cooper of the house committee on insular affairs presided at a brief session of the committee, which adjourned with an agreement to assemble later to determine upon the character of the amendments to be offered to the civil government provisions for Porto Rico.

The joint resolution passed by the senate providing that officers of the army now stationed in Porto Rico in an official capacity shall continue in office without forfeiting their commissions until the regularly appointed officials are qualified, was taken up by the house committee on insular affairs. This resolution when reported to the house for concurrent action will open the Porto Rican discussion once more.

APPROVE AMERICAN COURSE.

Opinion of Politician and Commercial Circles in Constantinople.

Constantinople, April 21.—The firm attitude of the United States government regarding the claims of Americans for losses and massacres in Armenia is entirely approved in political and commercial circles, and it is hoped that the United States will steadfastly maintain its demand, such a course being the only one likely to succeed. It is thought that all the powers should follow the same course, not only concerning indemnities, but also with regard to the increase of duty. Negotiations regarding American indemnity are now being conducted in Washington owing to the presence there of United States Minister Straus. When the prohibition against American pork was issued Lloyd C. Griscom, American charge d'affaires, addressed an energetic note to the porte.

On Every Bottle

Of Shiloh's Consumption Cure is this guarantee: "All we ask of you is to use two-thirds of the contents of this bottle faithfully, then if you can say you are not benefited return the bottle to our druggist and he may refund price they paid." Price 25 cts., 50 cts. and \$1.00. Sold by J. P. Baker.

Col. Parker Talks in Quincy.

Quincy, Mass., April 21.—The people and teachers of Quincy celebrated the twenty-fifth anniversary of the "Quincy movement" in education by meeting in the old stone temple. Col. Francis W. Parker of Chicago, originator of the movement, made an address.

Prison for an Actor-Bandit.

Kansas City, Mo., April 21.—C. E. Moreledge, an actor who last winter "held up" two restaurants and a saloon in the center of the business district in order to get money sufficient to put his company on the road, has been found guilty in the circuit court here and given a sentence of twenty-five years in the penitentiary. He pleaded insanity. Moreledge was one of the original promoters of the Popolobampo co-operative colonization scheme, and he originated a plan to dam the Missouri river at Bismarck, S. D., and to divert the entire flow of waters in a gigantic ditch that would flow southward through Nebraska and Kansas and have lateral ditches that would irrigate the whole of the western part of those states. Another scheme projected by Moreledge was to revive the Ancient Order of Magic, and still another was that to build a big co-operative apartment-house that would cover several blocks.

Say Taylor Will Return.

Washington, April 21.—The friends of W. S. Taylor, the republican claimant governor of Kentucky, deny that he is unwilling to return to Frankfort, where it is said an indictment has been returned against him for conspiracy in the murder of William Goebel. The governor is the guest of W. B. Catchings, and is engaged in supervising the preparation of the argument in his contest before the Supreme court. When this work is finished, his friends say, he will return to Frankfort.

Frankfort, Ky., April 21.—The clerk of the court still insists that there is no record on file of any Taylor indictment.

\$5,000,000 Building for New York.

New York, April 21.—Work on a new \$5,000,000 skyscraper for Lower Broadway will be commenced within a few weeks. Contracts were signed Friday by the George A. Fuller Construction company. President Black of the Fuller company admitted the structure would be erected with Chicago capital. The building will be eighteen or twenty stories high.

Folding Bed's Victim Dies.

Cleveland, April 21.—Dr. A. B. Allen, a prominent physician of Chardon, Ohio, who was badly injured a few days ago by being shut up in a folding bed, is dead. Dr. Allen had been in Cincinnati for the past two months receiving treatment for nervous prostration.

WANT TO SEE TURKEY PAY.

Europe Interested in American Indemnity Affair.

LEADING TOPIC IN BERLIN.

Not a Pleasant Innovation to Have America Make Demonstration in European Waters—A Paris Paper Says American Fleet Was Ordered Out.

Berlin, April 21.—The American-Turkish dispute is the leading topic, and there is no indication that the powers would undertake to prevent America from forcibly collecting the indemnity, but an American naval demonstration in European waters is not regarded as a pleasant innovation. The Tageblatt does not think the continental powers are ready to apply the Monroe doctrine to Turkey, but are watching developments closely. The Tageblatt's allusion to the Monroe doctrine seems hardly to the point, since America has never hindered the collection of legitimate claims against the Central or South American countries.

Paris, April 21.—La Patrie has a dispatch from Marseilles which declares that the American fleet has been ordered to Smyrna to attack the port if Turkey refuses full satisfaction for the massacre of the American missionaries. La Patrie says also that the Turkish differences are a mere blind and that America is acting on the behalf of England in order to get a fleet into the Mediterranean to prevent the practice mobilization of the Russian and French fleets. The Journal affirms that Turkey has placed large orders for cannon with Krupp.

Washington, April 21.—Ali Ferrouh Bey, the Turkish minister, said that he probably would hear from his government in a short time concerning the American claims. He insists that an amicable settlement can be arranged, and repeats his statement already published that in view of the high esteem in which he was held by the sultan, and the fact of his acting in a diplomatic capacity, Minister Straus was not justified in making the assertion that the sultan had broken his promise in regard to the settlement of the claims.

Constantinople, April 21.—The firm attitude of the United States government regarding the claims of Americans for losses and massacres in Armenia is entirely approved in political and commercial circles, and it is hoped that the United States will steadfastly maintain its demand, such a course being the only one likely to succeed. It is thought that all the powers should follow the same course, not only concerning indemnities, but also with regard to the increase of duty. Negotiations regarding American indemnity are now being conducted in Washington, owing to the presence there of United States Minister Straus. When the prohibition against American pork was issued Lloyd C. Griscom, American charge d'affaires, addressed an energetic note to the porte.

Fatal Pneumonia at Butte.

Butte, Mont., April 21.—The epidemic which is carrying dozens of citizens of Butte to their graves has been diagnosed as pneumonia. As an illustration of the terrible fatality of the disease, out of forty-eight cases in one of the hospitals forty-four deaths resulted.

The life of the business woman is not easy. Usually it is a monotonous routine of work, often aggravated by the ill temper or stupidity of others. And when the physical condition of the woman keeps her in constant suffering, it makes her lot a hard one.

So many women have found entire relief from the ill peculiarly feminine, by the use of Dr. Pierce's Favorite Prescription, that it seems almost criminal to neglect the opportunity of a complete cure offered by the use of this medicine.

You are invited to consult Dr. R. V. Pierce, of Buffalo, N. Y., either personally or by letter free of charge. If your case is severe or others have failed to reach it, do not hesitate to write to or go and see Dr. Pierce. Your letter will be read in private, its contents treated as a sacred confidence, and an answer promptly returned in a plain envelope bearing no printing upon it. Write without fear and without fee.

"I had been a great sufferer from female weakness for about two years," writes Mrs. Emma Richardson, of Gales, Wayne Co., Ky. "I could not do my work part of the time. I took four bottles of Dr. Pierce's Favorite Prescription and felt as well as I ever did. I have also used Dr. Pierce's Golden Medical Discovery for ulceration of the throat with good results and half of one bottle cured my throat when I could scarcely swallow."

The permanent benefit to health from the timely use of Dr. Pierce's Pellets is testified to by thousands of women. They regulate the stomach, liver and bowels. Sold by all medicine dealers.

A. H. SHELDON & CO.

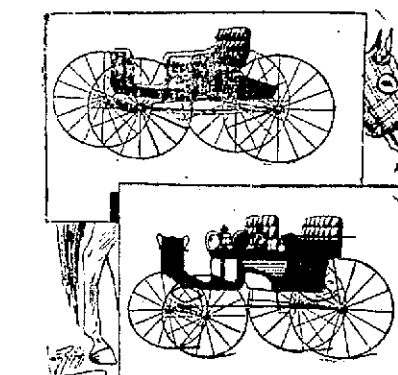

The way we Look at it...

Carriages can be bought at prices which appear surprisingly low, but those who will take the trouble to examine the material and the finish will find that there is a vast difference between those vehicles and these we offer. The material throughout—wood, iron, leather, paint and rubber, is the best. There are no defects covered by a liberal use of varnish.

The Wagons are built for use and will stand plenty of it...

Rich Beyond Question.

That sounds extravagant, but seeing is believing. All we ask is your presence here to prove entirely our assertions. When on the subject of

Carriages or Rigs of any kind

We have something of interest for you. Our new vehicles are creating a sensation, not only from the fact that they are the newest in design and style, but the prices are surprisingly low.

COURT WAR WITH FRANCE.

What Goldwin Smith Says of the British —Prophetical Outlook.

Toronto, Ont., April 21.—Goldwin Smith, writing on the political situation in Europe, says there are apparently people in England mad enough in their present state of delirious exultation to court war with France, which, if there is ground for belief in an understanding of France with Russia, might develop into war with both those powers. These people have in their minds ideas of British invincibility derived from the Napoleonic war. They forget that after Trafalgar the British swept the seas, that her manufactures were still in their infancy, that little of her wealth was invested abroad and that her population was far smaller than it is now, so that she was comparatively little dependent on foreign countries for her food. Nevertheless the suffering then inflicted on the masses of the people was extreme. France, drawing her supplies from the continent, could never be forced to surrender. Germany could invade her, Britain could not.

DYNAMITE PLANT BLOWN UP.

Three Men Killed by Explosion at Kawkawlin, Mich.

Kawkawlin, Mich., April 21.—The packing house at the Ajax dynamite works blew up. The explosion was terrific. Three men were killed, as follows:

WM. WEAVER, married; leaves two children.

ED HALLIGAN, married; four children.

WILLIAM VAN VASSELER, married; one son.

The men's bodies were blown to atoms. Weaver and Halligan resided here. Van Vasseler lived at West Bay City. The cause of the explosion is unknown.

Bay City, Mich., April 21.—The explosion of dynamite at Kawkawlin caused a great commotion here, many people believing it to be an earthquake. It was distinctly heard for many miles in the Saginaw valley.

Japanese Anti-American Feeling.

London, April 21.—The Daily Mail publishes a letter from Yokohama describing the "growth of anti-American feeling" in Japan. The writer says: "This development is due to the harsh treatment the Japanese have received in Hawaii and to the belief that the United States will stop Japanese immigration to Hawaii. The feeling is calculated to lead to a deplorable war of tariffs and to retaliatory restrictions."

Mail Car Killed & Burnt.

Chicago, April 21.—Willie Brevitt, 12 years old, was killed by the United States mail car James A. Gary at Chicago and Halsted streets. The

car was behind time and was running at a high rate of speed when Brevitt tried to cross in front of it. As the tender failed to catch him he was carried under the wheels.

Serious Fire in Lewiston.

Lewiston, Me., April 21.—Fire this morning destroyed ten buildings in the business portion of this city, causing a loss of \$50,000. Among the buildings burned were the carriage factory of Wade & Danton.

Pain in the Stomach

Loss of appetite, nervousness, headache, sleepless nights, an irritable temper and a wasting of flesh mark the dyspeptic. His stomach needs nerve force to make it work, just as a steam engine needs steam. When a man finds that he is using up his vital powers faster than nature can replenish them it is time for him to call a halt. Soothe and quiet the irritated nerves, strengthen and invigorate the stomach, give the tired brain rest and sleep, and he will get well. The quickest way, the easiest way and the best way to do this is to ask your druggist for a bottle of

DOCTOR

MILES' Nervine

and give it a trial. Get a bottle now, before your system is entirely broken down and disease gets a firm foothold.

"I suffered from chronic stomach trouble and nervous prostration for nearly two years. I could not sleep, had no appetite, was nervous and irritable and was unable to attend to my business. I had been taking Dr. Miles' Nervine and Nerve and Liver Pills but a few days when my appetite returned and I could sleep at night. I was soon restored to good health which I have enjoyed ever since."

A. A. Booth, Decatur, Ind.

Sold at all druggists on positive guarantee. Write for free advice and booklet to Dr. Miles Medical Co., Elkhart, Ind.

C. C. BENNETT SHOE CO.

"The Foot Fitting Shoe Men."

On the Bridge.

Monarch Wickless Oil Stoves.

A Smokeless Blue Flame

This invention embodies in a large measure the principle of the Evaporating Gasoline Burner. The oil dripping into a tube leading to an open ring at the bottom of the burner cylinder, when ignited burns up between the two perforated chimneys, becoming so impregnated with air as to produce a Smokeless Blue Flame similar to that from a gasoline burner. No complicated mechanism is involved in its construction; it is as easily operated

and as easily comprehended as an ordinary lamp. A child five years old can use it—no danger; cannot explode.
